

EUPAVE Newsletter - April 2017

EUPAVE & ISCP Webinar on Concrete Overlays

The International Society for Concrete Pavements and EUPAVE have the pleasure of announcing a joint webinar on **"Best Practices in Concrete Overlays in the U.S."**. The webinar will be held on 31 May 2017 from 15.30 to 17.00 (Brussels time).

More information about registration coming soon.

Call for abstracts - 13th International Symposium on Concrete Roads

The German "InformationsZentrum Beton", together with EUPAVE and their partners are in full preparation of the 13ISCR and they are pleased to invite you to take part in this promising Symposium. Anyone interested is invited to submit an abstract by 30 April 2017 at the latest.

All you need to know here.

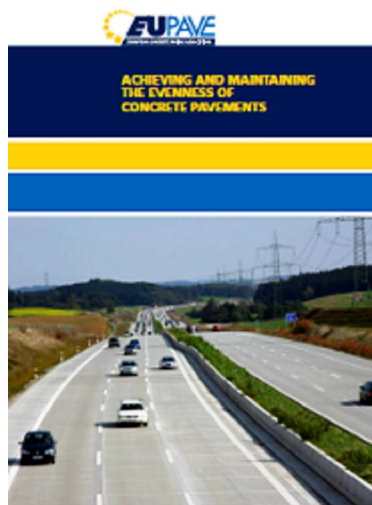

Report from ECLIPS Workshop - "Innovative & Sustainable Concrete Pavements", 23 March 2017

EUPAVE held the ECLIPS workshop on "Innovative and Sustainable Concrete Pavements" on 23 March 2017 in Brussels. Attended by around 40 participants, the workshop gathered speakers from the project itself and members and partners of EUPAVE.
